	APPROVAL OF STATE ENGINEER	
	This is to certify that I have examined the foregoing application, and do hereby	grant the same, subject to the
riç	wing limitations and conditions: This permit is issued subject ghts on the source. It is understood that the amo anted is only a temporary allowance and that the f	unt of water herein
obt	tained under this permit will be dependent upon th	e period of use and
the	e average number of cattle served from the waters	of this source. It
is	further understood that this right must allow for	a reasonable lowering
Ω£.	the static water level at permittee's well due to	any other ground
wa 1	ter development in the area. The well shall be eq	uipped with a 2-inch
.ope	ening for measuring depth to water. If well is fl	<u>owing, a valve mu</u> st
be.	installed and maintained to prevent waste. The S	tate retains the
rig	ghts to regulate the use of the water herein grant	ed at any and all
ti	mes but does not take responsibility for the use o	f the Federal range.
The	amount of water to be appropriated shall be limited to the amount which can be	applied to beneficial use, and
not t	to exceed 0.312 cubic feet per second 2.01	sufficient water
	water 1,000 head of cattle.	
Actu	nal construction work shall begin on or before	February 21, 1974
	of of commencement of work shall be filed before	
	k must be prosecuted with reasonable diligence and be completed on or before	
	of of completion of work shall be filed before	
	lication of water to beneficial use shall be made on or before	
	of of the application of water to beneficial use shall be filed on or before	
	in support of proof of beneficial use shall be filed on or before
